

Republic Doors and Frames

Dear Valued Allegion Partners,

We are proud to announce our new offering of certified Florida Building Code approved Hurricane products including an improved Impact door and new Impact and Non-Impact (E330 labeled) listing approvals with Allegion hardware, now available for orders.

We also excited to introduce a variety of helpful tools. See RepublicDoor.com, [Hurricane section](#) for additional details.

Summary of Benefits and Improvements

- Assembly approvals with Allegion hardware, no sub
- Broader offering of HVHZ, impact and pressure levels, opening sizes, light/louver sizes, and elevations
- Improved Impact door design required for higher pressure approvals and wind-borne debris regions, with all assemblies approved to a minimum Level D impact with some assemblies approved to Level E
- Dedicated E330 labels for use outside of wind-borne debris regions where wind speeds are < 130mph
- Design Pressures available up to 170 PSF based on selected configuration

Tools to Assist with Hurricane Selection and Ordering

We have created several helpful tools to assist identifying and ordering approved hurricane products.

DOWNLOAD instructions can be found at RepublicDoor.com in the [Hurricane section](#):

- COACH FBC Order Assistant & Order Form Generation Tool: Approved product selection order wizard
- Approval LOOKUP Tool – A filterable summary of FBC listing approvals
- Anchor Lookup tool – Anchor types and quantities for FBC and TDI hurricane approvals
- Price book pages to be available on the Allegion 360 Portal

Note that orders require COACH input of (1) wall construction as well as your building's (2) Impact Level and (3) Design Pressure to define approved configurations. This information must be provided by your architect or professional engineer licensed in your area based on a complex calculation including many factors.

For questions or concerns, contact Republic product support at [800.733.3667](tel:800.733.3667) or [contacts@ RepublicDoor.com](mailto:contacts@RepublicDoor.com). For marketing support, please contact marketing manager, Jeff Alwine at Jeff.Alwine@allegion.com.
